

| Products Overview | | TB | TC 100 | TC 225 | TT 2200 | TR 2600 | HSR |
|--|--|---------------------------------|--------|--------------------------------|---------|--------------------------|-----|
| CAPABILITIES | | | | | | | |
| Forward/Reverse Direction of Rotation WLTP, Regenerative Braking for Hybrid and Electrical Vehicles EPB (Electric Parking Brake), Dust Analysis NVH Climatic System | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| SECTORS OF APPLICATION | | | | | | | |
| Reduced Scale Tests/Microcars/Bicycles City car/Superminis Compact Cars/Motorbikes Mid-size Cars Sport and Passenger Cars/SUVs Supercars/High Performance Passenger Cars Light and Heavy Commercial Vehicles (Vans and Trucks) Railways/High Speed Railways | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| MOUNTING OF BRAKE SYSTEMS | | | | | | | |
| Simple with Wheel hub with Corner with Complete Axle | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| CONFORMITY OF PRODUCTION | | FQT (drag test 660 rpm) | | SST (shearing force) | | COMPRESSIBILITY | |
| SPECIAL MACHINES | | Brake Emissions Analysis System | | AT-Alternate Torque | | Clutch Test | |
| REVAMPING OF EXISTING MACHINERIES | | Electronics and Software | | Electromechanics and Mechanics | | New Capabilities | |
| TEST LABORATORY FOR THIRD PARTIS | | Homologation Tests | | Performance and NVH Tests | | Customized Tests for R&D | |
